## Guide Service / Fishing Trips

### Angling Holidays & Short Breaks

We can arrange complete fishing holiday packages, including: guides, boats, accommodation, transport, packed lunches & evening meals and other activities. Trip itineraries are personalised to suit your requirements.

#### Accommodation

A wide range of accommodation options is available to you. From B&B to self-catering to even exclusive Country Lodge or Castle accommodation, we work closely with only the best local accommodation providers in order to assure that our clients are being housed appropriately.

#### The Fishing

##### Pike angling

We are specialised in fishing for pike. Irish pike fight exceptionally hard and grow quite large in these waters. Our targets are especially these big pike that inhabit so many Irish waters. But having said that, all fish caught are welcome and get treated with the respect they deserve.

Double figure pike are quite common and each year we boat a number of 20lbs+ fish and specimen pike over 30 lbs. are a real possibility. Many clients have caught their personal best pike with us in the past.

Why not give it a go yourself?

*Please note: We practice strictly "Catch & Release" with all pike, but we will gladly provide you with a photo of your catch!*

##### Trout angling

During the trout season (March to September) we also offer guided fly-fishing trips for wild Irish brown trout in both rivers and lakes.

##### Perch angling

This often-overlooked predator inhabits most Irish waters and can provide great sport on light tackle. Finesse methods such as Drop shot & vertical jigging are routine to us and can produce large quantities of these striped critters.

##### Fly-Fishing

We offer fly-fishing trips for both pike and trout. All necessary rods/reels and equipment can be hired from us.

##### Sea-angling

We can also arrange sea angling trips with some of the best Charter skippers in neighbouring Counties Sligo and Mayo as part of your trip itinerary.

### Welcome to Angling Services Ireland

### Guided Fishing Trips

Take the opportunity to sample some of the regions finest fishing, while being under the safe guidance of qualified and Fáilte Ireland approved angling guide Bodo Funke.

Our brand new (2011) Mirrocraft Aggressor Guide boat caters for up to three anglers with ample space and comfortable seating. The boat is equipped with a 50 hp outboard engine, bow-mount trolling motor, large casting deck and the latest fish finding technology. Life jackets are provided and rods are available for hire on board. A selection of proven lures, flies and terminal tackle are available for purchase on board, while tea & coffee is complimentary for our guests.

On the smaller lakes we employ traditional lake boats for all fishing and we also have lightweight aluminium boats that allow us access to some more secluded and seldom fished lakes.

We also offer fishing trips from float-tubes, especially for fly-fishing excursions on small, secluded waters.

All our trips are designed to be enjoyable as well as educational as much as you like and of course all about maximising your chances to catch fish.

Some of the waters we fish include: Lough Key, Lough Gara, Lough Arrow, The Shannon and many more...

Our trips on Lough Key can depart from Lough Key Forest & Activity Park and we can also stop there at lunchtime for a hot lunch in the Restaurant (seasonal) or a browse around the Visitor Centre.

Our Guide service can be booked on a daily basis or as part of one of our Bespoke Angling Package Holidays.
